

## SECTION 01010

### PROJECT SUMMARY

#### PART 1 - GENERAL

##### 1.01 SECTION INCLUDES

- A. Summary of the Work
- B. General Requirements

##### 1.02 SUMMARY OF THE WORK

- A. This project consists of the construction of the installation of landscape beds and plants and shrubs at the proposed Depot Park in Chapel Hill, TN.
- B. Contract time to complete this project is 90 days.

##### 1.03 GENERAL REQUIREMENTS

- A. Compliance With State and Local Laws: Comply with all applicable requirements of state and local laws and ordinances to the extent that such requirements do not conflict with federal laws or regulations.
- B. Protection of Public and Private Property: Take special care in working areas to protect public and private property. Contractor shall determine exact location of all existing utilities prior to beginning construction in accordance with State of Tennessee, *Title 65 – Public Utilities and Carriers, Chapter 31 Underground Utility Damage Prevention Act*. The contractor shall replace or repair at his own expense any damaged utility pipes, power and communication lines, or other public utilities, roads, curbs, gutters, sidewalks, drain pipes, drainage ditches, all properties and fixtures (both permanent and temporary) fences, and all plantings, including grass or sod on the site of the work. Leave the site in original or better condition after all cleanup work has been done.
- C. Markers: Preserve all USGS, TVA, and State of Tennessee property markers and private markers. Do not remove or disturb any such markers without prior approval from the Owner. Any removal and replacement of such markers shall be at the expense of the Contractor.
- D. Non-discrimination: The Contractor agrees to hire qualified persons without regard to race, creed, color, sex, or national origin for the performance of the work specified in this contract.
- E. Approved Chemicals: All chemicals used during project construction or furnished for project operation, whether herbicide, pesticide, disinfectant, polymer, reactant,

or of other classification, must show approval of either EPA or USDA. The use of all such chemicals and the disposal of residues shall be in strict conformance with instructions.
